

THE TIRE - EICMA - TAIWAN MOTOR SHOW

At the beginning of June we attended at **The Tire**, one of the most important fairs in the tyre industry, where we presented our entire range to the German and international public.

Cologne see you again in 2026!

For the 4th consecutive year we will participate at **EICMA**, Italy's most important fair for the two-wheeler industry.

The stand location will be the same as last year (P9, I68) but we will have a larger space, considering the growth in the range.

Updates will be coming soon, see you at the fair!

This year for the first time, we will participate at the **Taiwan Motor Show** jointly with the local distributor.

The fair will be held between **26 and 28 July 2024** and will be an excellent opportunity to make our products known in a very important market.

TVS Mobility group expands

SI Air Springs, subsidiary of **TVS Mobility** (of which we are also a branch), has acquired Italy-based automotive components supplier **Roberto Nuti Group**, which will help it broaden the product range and strengthen its position in the global market.

SI Air Springs, provides air spring solutions to major commercial vehicles, Bus OEMs, trailer manufacturers Tier 1 suspension System suppliers and Indian Railways. **Roberto Nuti Group** produces and distributes shock absorbers and air springs for industrial and commercial vehicles.

InSella & Dirt reviews

The staff of the Italian publishers **InSella** and **Dirt** reviewed the **Bee Connect** and the **Climber XC**.

The best features that emerged for the **Bee Connect** are: versatility, grip, comfort and durability.

Instead, these characteristics were highlighted for the **Climber XC**: versatility on various surfaces, traction and grip, strong and durable carcass, excellent adaptability to weather conditions.

Publishing activities

Our publishing projects in Italy and around the world are ongoing. In addition to those already mentioned, the next issues of the Italian magazine **InMoto** will contain a focus on the **Roadhound**. In addition, two renowned specialized magazines in Spain and Germany will publish **Roadhound** reviews in September.

In the UK with the local distributor we are instead pushing the **Protorq Extreme** through magazines.
