

Reviews: Trailhound STR

Our adventure tyre was recently tested by prominent Italian and Spanish industry publications, earning highly positive feedback:

- **RoadBook** tested it on a BMW GS across asphalt and gravel roads, praising its progressive behavior and excellent absorption of irregular terrain. [ARTICLE](#)
- **MotoTaller** ran it for over 3,000 km on a BMW R1250GS, calling it a reliable and versatile product — enough to earn their official “Recommended Purchase” (original: Compra Recomendada). [ARTICLE](#)
- **About BMW** highlighted its convincing performance on all surfaces, noting balance, grip, and reliability both wet and dry.

BMW OEM fitment

We're proud to announce that our **Protorq Extreme** tyre has been chosen as original equipment for the **BMW G310 R**.

A major milestone that confirms the technical quality and performance of our products, trusted by one of the most prestigious motorcycle brands in the world.

Trailhound SCR review

Popular motovlogger **Andrea Cervone** was impressed by the confident control offered by the **Trailhound SCR**, both on tarmac and light off-road. During testing on his **Royal Enfield Interceptor 650**, he praised its responsiveness and versatility across different terrains. [VIDEO](#)

Goggia tests our Supersoft

On June 21-22, during **HarDragon** in Piandelagotti (MO) — one of Italy's toughest hard enduro events — hard enduro champion **Sonny Goggia** put our new **Climber XC-R Supersoft** rear tyre to the test, sharing excellent feedback:

“A great discovery. Excellent grip on slippery riverbeds and steep dirt climbs, thanks to the soft carcass and aggressive tread. A well-balanced tyre, perfect for different terrains. Overall, a great compromise.” [REVIEW](#)

Eurogrip in Honda Taiwan service

Thanks to the support of our local distributor, we have reached an agreement with **Honda Taiwan**: our **Protorq Extreme** and **Roadhound** tyres will now be available at all authorised Honda service centres on the island. An important step that strengthens our presence in the Asian market.
