

EICMA 2025: Fifth in a Row

Once again, we couldn't miss the world's most important two-wheeler event: **EICMA**, where we'll unveil our latest product innovations.

Curious?

This year, our booth location changes, but our commitment stays the same.

📍 See you in Milan this November – **Hall 14, Booth H38**

Asian Market Visits

In July, we had the opportunity to visit some of our most important clients in **Thailand, South Korea, Malaysia** and **Taiwan**: a valuable chance to strengthen relationships and engage directly with local markets.

While in Taiwan, we attended the 10th edition of the **Taiwan Motorcycle Show**, one of the most important motorcycle events in Asia.

With the support of our local partner, a booth entirely dedicated to Eurogrip was set up, showcasing our full product range and several prototypes. A great opportunity to bring visibility to our brand.

Eurogrip for Honda Taiwan

Following the agreement signed with **Honda Taiwan**, training sessions have begun for their staff, focused on Eurogrip products, to ensure in-depth product knowledge and high-quality support for end customers.

Last week, the Honda dealership in Taipei organized a maintenance-focused event in Hualien, in eastern Taiwan, to support local dealers.

It was also a valuable opportunity to present our tyre range to the dealers in attendance.
