

FAIRS

In this early part of the year, we have actively participated in several key international trade shows. We attended **Moto-Austria** in Austria in February, **Motorräder Dortmund** in Germany in March, and just this past weekend we were in Athens for **Motorcycle Expo**.

In the coming weeks, we will continue our global presence with stops in the Philippines and Turkey, leading into a particularly busy June filled with further events and activities.

ASEAN BEE WILD LAUNCH

In mid-March, we officially launched our new product **Bee Wild** with a large-scale presentation in Bangkok, bringing together all our key distributors from the **ASEAN** region.

It was an intense and highly engaging weekend, rich in exchanges, insights, and valuable discussions, marking the official market introduction of *Bee Wild*.

PARTNERSHIP WITH HP MOTORRAD

We are pleased to announce an upcoming partnership with **HP Motorrad**, Europe's leading company in motorcycle rental and guided as well as self-guided tours across Italy, Europe, and North Africa.

With a premium fleet of **BMW** and **Ducati** motorcycles and a strong focus on rider comfort and experience, **HP Motorrad** represents a benchmark in the industry. In the coming weeks, we will become their main tyre partner.

IN THE MEDIA

During the recent trade shows in the German market, we received media coverage from the editorial group **1000PS** on two occasions.

In the first video, we were mentioned alongside several other tyre manufacturers:
