

TVS Srichakra enters Europe Two Wheeler Tyre market with exclusive product range under Eurogrip brand

Chennai, 17th May 2021: TVS Srichakra Ltd., one of India's leading manufacturers of 2 & 3 wheeler and off-highway tyres, today announced its foray into the European market with its exclusive range of Eurogrip tyres customized to meet the European rider's needs. The first product to be launched is "**Eurogrip Bee Connect**" scooter tyres which will be available in a basket of 26 different sizes in the coming months. This is the first line of tyres launched after the setting up of TVS Srichakra's Product Design and Development Centre in Milan, Italy.

"We have developed a new and exciting range of tyres suited for the European roads and conditions, keeping in mind the needs of the European rider. I am confident that the technical expertise of our Product Design and Development team in Milan, Italy coupled with the experience of our team in India would result in the Eurogrip Bee Connect Scooter tyre range being a delight for scooter riders in Europe", said **Andrea Bianchi Milella**, Marketing Manager, TVS Srichakra.

The tyre technology in these products seamlessly blends a multi-radius profile that boosts the vehicle agility, handling and control. It is equipped with an adaptive structure that comes with high-shock damping capability. It additionally uses high adhesion polymer compounds and multi-oriented tread grooves to provide ample grip and braking performance under varying road conditions. Eurogrip Bee Connect range with its cutting-edge design, dynamic performance on any surface, unique pattern and puncture resistance technology gives comprehensive control, riding comfort and superior mileage to the riders.

Bee Connect is the first amongst many product launches planned for the European Market, there are more in the pipeline in the current fiscal itself. For instance, a knobby product for off-road purposes and a street tyre for medium and big displacement motorcycles, both in Radial

and X-Ply construction are lined up for launch in the next few months. The company is keeping its focus on quality, performance of the tyres suited for different terrains and safety of the two-wheeler riders. Relevant products from the European range will also be launched in the India replacement market soon.

Speaking about the announcement, **Mr. P. Madhavan**, EVP – Sales & Marketing said, “Our entry into the prestigious European tyre market is testimony to our three decades of experience and specialization in the two-wheeler tyre category and is a step towards building Eurogrip as a strong global brand. Our focus is to deliver quality tyres and develop a robust business infrastructure that can help us cater to the needs of our partners and customers in the European market. We aim to provide our customers with an accomplished personal mobility experience with best-in-class service and support that will make it an attractive proposition and a preferred choice for two-wheeler customers. We understand the aspirations of global two-wheeler riders and will continue to launch tyres that will offer highest standards of durability, safety and a great riding experience.”
